### Recently Completed Projects

1) Forest Alliance Church, Pastor Dave Blackburn

- **Assimilation Training**  
-Assimilation training was very successful and they launched in June, 2018.

2) Stewardship Clusters

- Arlington Alliance Church committed to implement God's Economy.

### Potential Future Projects

- Grace Alliance Church - Build-Out Design, and Stewardship 2019
- Faith Alliance Church – Assimilation and Stewardship Training
- Great Commission Community Church – Assimilation Training
- Continuing Stewardship Training Church Cluster Groups – This will be a great opportunity to get additional stewardship training in our churches. This will also have a residual impact as I will have the opportunity to speak into the DFS and GCF giving.
- First Alliance Church – Vision (Capital) Campaign – Spring 2019
- Lansdowne Alliance Church – Potential Build-Out Design
- Four Corners Alliance, Pastor Endalkachew – Has several areas of interest.
- Crosslife Church
- City on a Hill
- Atlanta Road Alliance Church

#### Previous/Completed Projects

##### 1) Forest Alliance Church

We concluded a Build-out design project that includes their current facility and a new addition to the building. I conducted the on-site evaluation in November 2017. I am working with Pastor Dave and his church leadership on these improvements through next year. They are launching their Connection Team and a Vision Campaign in fall 2018.

##### 2) Sunnyside Alliance Church

Beginning in summer 2017 and leading into the fall, we conducted Assimilation Training with Sunnyside. During the on-site training, we had 50 people from the church participate. They launched the ministry in the fall 2017. Pastor Mark has shared that 25% of guests filling out a connection card call Sunnyside their place of worship!

Pastor Mark and Pastor Brandon enlisted my services to conduct a Build-out design for their facility. I have completed the concept and currently Pastor Mark is working with his leadership on implementing the plan I provided.

##### 3) First Alliance Church

In August 2017, we conducted a second phase Build-out Design to finish up the facility. We gave recommendations on the children's wing, sanctuary, chapel, and other areas throughout the rest of the facility. They are planning to do a Vision (Capital) Campaign in the Spring of 2019.

In January 2016, we did the initial Build-out Design for the facility.

Pastor Mike also entered into Assimilation Training. Working with Pastor Mike and his team was a wonderful experience. We were able to train up new leaders and launch the Connection Team.

4) New Hope Alliance

In summer and fall 2017, we conducted Assimilation Training with New Hope Alliance. They launched the ministry in the fall 2017. Pastor Todd is planning a re-launch with a new welcome team leader. Pastor Todd will let me know if and when retraining will be warranted.

5) City on a Hill Church

Elder Raymond and his team entered into Assimilation Training. We were able to train up new leaders and launch the Connection Team. While on-site, I was able to make suggestions on how to utilize the facility better. They took advantage of these suggestions and have improved the feel and look of the church. I have stayed engaged with the leaders since the launch of the ministry and provide coaching as the need arises.

6) Washington International Church

Pastor Dave entered into Assimilation Training. We were able to strengthen existing ministries, train up new leaders, and launch the Connection & Follow-up Teams. I have stayed engaged with the leaders since the launch of the ministry and provide coaching as the need arises.

7) Cross Life Church

Pastor Todd entered into Assimilation Training. We were able to strengthen existing ministries, train up new leaders, and launch the Connection & Follow-up teams. Pastor Todd delayed the launch of the ministry for a couple of months. I have stayed engaged with Pastor Todd and will continue to provide coaching as the need arises.

8) Emmanuel Alliance Church

Pastor Rob entered into Assimilation Training. We were able to train up new leaders on the Connection Team. As we were about to launch the ministry, Pastor Rob became ill and postponed the launch until the spring of 2018.

9) Derwood Alliance Church

Pastor Mark and Pastor Jen entered into a two-month Assimilation Training hybrid. We were able to train up new leaders on the Connection Teams. I also was able to train up a lay leader to instruct the God's Economy stewardship course. Derwood began offering the course in the fall of 2016.

10) Great Commission Community Church

Jeremy worked with Pastor Stephen on putting together a new staffing structure for their multi-campus approach. We worked on this for three months and the coaching included job descriptions for each of the roles needed.

Great Commission Community Church is looking to move forward with Assimilation Training.
